DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5 are allowed.

The following is an examiner's statement of reasons for allowance:

The references fail to teach, disclose, or suggest, either alone or in combination, a relatively soft barrier means formed at one end of the sleeve member adapted to be easily removed by the insertion of the interconnecting pin member and in combination with the rest of the limitations of the base and intermediate claims.

Applicant's arguments presented on the Response of October 31, 2005 and in the Interview of December 14, 2005, with respect to the combination of the Murphy and Dickie references have been fully considered and are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
